

NO CHILD LEFT BEHIND

Adequate Yearly Progress Report 2003

School and District Listing

***Embargoed until
November 17, 2003
Noon EST***

Kentucky Department of Education
Gene Wilhoit, Commissioner
November 11, 2003

MESSAGES

NOTE

- a = School's service area changed. The school is held accountable through the district accountability scores.
- c = School is accountable though school's scores and district non-academic data for the baseline years.
- d = School is a reconfigured. The school is held accountable through school results and district growth line, district assistance line, and district novice reduction rate.
- e = Reconfigured School or New School in 2002-2003 school year. The school's baseline index is the two-year average of the school's 2002-2001 and 2001-2002 scores but is computed with the district's 2002-2001 and 2001-2002 non-academic index at the corresponding grade level. The goal line, assistance line and novice reduction rate are calculated from the school's scores and district non-academic data for the baseline years 2000-2001 and 2001-2002.
- f = Reconfigured School that is using the District Baseline (goal) for Accountability. School's baseline index, goal line, assistance line and novice reduction rate are based on district scores at the high school level. Due to incomplete non-academic data, district non-academic data are used to calculate the school's non-academic index. This is a special case for new high schools that do not have all grades in the prior year.
- r = School is considered a reconfigured school and the student population is reconstituted for calculation of accountability scores.
- s = Joint school. School(s) have been combined with another school for accountability purposes because the school does not contain both a 4th and 5th grade or both a 7th and 8th grade.
- w = State Board approved school configuration waiver for calculation of accountability scores.
- ? = The state is seeking a transitional authority concerning the testing of students with limited English proficiency for the Spring 2003 test administration. The federal law requires that students with limited English proficiency be assessed if enrolled in the school during testing, while Kentucky administrative regulation allows these students one year to learn English before being tested. The state's January 2003 federal application proposed that Kentucky continue its definition as it is in the best interest of the students. The U.S. Department of Education did not accept the proposal, which was not known until after the 2003 test administration. This school followed the Kentucky administrative regulations in place at the time of testing. As a result, whether the school met the participation rate for limited English proficiency students to make AYP this year is unclear until the USDOE acts on Kentucky's request for transitional authority.

CONSEQUENCES

- **Tier 1** of Consequences (2 years not making AYP): School choice, and write or revise school improvement plan.
- **Tier 2** of Consequences (3 years not making AYP): Continue school choice, revise school plan, and offer supplemental services.
- **Tier 3** of Consequences (4 years not making AYP): Continue school choice, revise school plan, continue supplemental services and implement corrective action.
- **Tier 4** of Consequences (5 years not making AYP): Continue school choice, revise school plan, continue supplemental services, continue corrective action, and write a plan for Alternative Governance.
- **Tier 5** of Consequences (6 years not making AYP): Continue school choice, revise school plan, continue supplemental services, continue corrective action, and implement Alternative Governance.
